Fase 0 — Pre-lançamento (Semana 1-2) — Custo: \$0

0.1 App Store Optimization (ASO) — PRIORIDADE MAXIMA

ASO é o canal com maior ROI e custo zero. Pode gerar 2-5x mais installs orgânicos em 3 meses.

App Store (iOS):

- **Nome:** atlas.core – AI Fitness Tracker
- **Subtitle:** Workouts, Nutrition & Body AI
- **Keywords:** workout, tracker, ai, fitness, nutrition, macro, calories, gym, training, bodybuilding, strength, meal, plan, diet

Play Store (Android):

- **Título:** atlas.core: AI Workout & Nutrition Tracker
- **Short Description:** AI-powered workouts, nutrition tracking, body metrics & coaching in one app.

Screenshots (6 telas): 1) Hero + streak 2) AI Workout 3) Nutrition + macros 4) Progress charts 5) Apple Watch + widgets 6) "Free — No credit card"

0.2 Preparar presença social (\$0)

Criar: **@atlascore.app** (IG), **@atlascore** (TikTok), **@atlascoreapp** (X). Reddit: r/fitness, r/loseit, r/bodybuilding. Postar 5-7 teasers antes do launch.

0.3 Assets de marketing

- **App Preview Video (15-30s):** Screen recording + texto overlay + musica (CapCut gratis)
- **UGC-style ads (3 variações):** HeyGen/Synthesia AI avatars. Custo: \$0-\$29/mes.

Fase 1 — Lançamento Soft (Semana 3-4) — Custo: \$136

1.1 Publicar nas stores

iOS App Store (~24-48h review), Play Store (~poucas horas), Web app já live.

1.2 Lançamento Reddit (\$0, potencial: 50-200 installs)

Subreddit	Post style
r/fitness	"I built a free AI workout generator — feedback?"
r/SideProject	"Solo dev: built a full fitness platform with AI coaching"
r/startups	"Bootstrapped a fitness app to launch — lessons learned"
r/bodybuilding	"App that generates periodized training plans with AI"
r/loseit	"Built an app that makes calorie tracking take 3 seconds"
r/Entrepreneur	"Solo founder launching a fitness SaaS — my strategy"

Regras: Ser genuíno. Contar a história. Responder TODOS os comentários. Oferecer 30-day Pro trial para early adopters. Nunca spammy.

1.3 Product Hunt (\$0, potencial: 100-500 installs)

Agendar terça/quarta manhã PST. Tagline: "AI-powered fitness: workouts, nutrition & body tracking in one app."

1.4 Hacker News "Show HN" (\$0)

Foco tecnico (React, Capacitor, Supabase, AI). Potencial: 50-300 installs.

Fase 2 — Conteudo Organico (Semana 3-8) — Custo: \$0-\$29/mes

2.1 TikTok/Reels — 5 videos por semana

TikTok = 3.15% engagement (mais alto de qualquer plataforma).

Formato	Exemplo	Dificuldade
Screen recording + voiceover IA	"This app generates your entire workout with AI"	Facil
Split screen	"How I track macros in 3 seconds"	Facil
"POV" style	"POV: you found the fitness app that does everything"	Facil
Myth-busting	"Stop using 5 apps for fitness. Here's 1."	Facil
AI avatar UGC	HeyGen avatar: "I tried this app and..."	Medio

Ferramentas: CapCut (gratis), HeyGen (free: 3 videos/mes), ElevenLabs (free), Canva (gratis)

Posting: TikTok 1/dia, IG Reels 3-5/semana, YT Shorts 2-3/semana (repostar os mesmos)

2.2 Twitter/X — Build in public

Tweetar diariamente: metricas, decisoes, milestones. Thread semanal.

2.3 Blog SEO (ja existe)

2 artigos/semana. Keywords: "best AI workout app", "free macro tracker", "fitness app with AI".

Fase 3 — Micro-influencers Affiliate (Semana 4-8) — Custo: \$0

Melhor unit economics para solo founder. Custo \$0 ate converter. Comissao media fitness: 15.9%.

Tier	Comissao	Requisito
Bronze	20% recorrente	Qualquer creator
Silver	25% recorrente	5+ conversoes/mes
Gold	30% recorrente	10+ conversoes/mes

Quem recrutar (50-100)

Tipo	Onde	Oferta
Personal trainers TikTok (1K-10K)	#personaltrainer #gymtok	Free Performance lifetime + affiliate
Fitness creators IG (5K-50K)	#fitnessmotivation	Free Pro lifetime + affiliate
Nutricionistas YouTube	"macro tracking"	Free Pro + affiliate
CrossFit coaches	r/crossfit, IG	Free Pro + affiliate

Template DM: "Hey [nome]! Sou o criador do atlas.core, um app de fitness com IA. To montando um programa de embaixadores. Te daria acesso lifetime gratuito + 20-30% de comissao recorrente em cada pessoa que assinar pelo teu link. Sem compromisso. Interesse?"

Fase 4 — Paid Ads (Semana 6-12) — Custo: \$300-\$500/mes

NAO comecar ads no dia 1. Primeiro: ASO otimizado, 50+ reviews, conversion medido, 100+ users organicos.

Meta Ads — \$10-\$15/dia

Ad	Formato	Copy	Target
1	Video UGC (IA)	"I stopped using 5 fitness apps."	M/F 18-35, gym
2	Carrossel	4 screenshots do app	M/F 22-40, bodybuilding
3	Screen recording	15s walkthrough	Lookalike organicos

CPA esperado: \$20-\$60/trial. **Anual (\$79):** break-even imediato a CPA \$50.

Fase 5 — Retencao & Otimizacao — Custo: \$0

Trial → Paid (meta: 40-60%)

Benchmark: Media 39.9%, Top 10% = 68.3%

- ☒ Paywall triggers em 4 momentos de pico
- ☒ Trial banner com countdown
- ☐ Push dia 5: "Your trial ends in 2 days."
- ☐ Push dia 6: "Last day."
- ☐ Email dia 7: "Your trial expired."
- ☐ Win-back dia 14: "Come back. 20% off."

Reviews

Pedir apos 3o treino, 7-day streak, progresso de peso. **Meta: 50 reviews em 30 dias.**

Projecao Financeira

Mes	Users	Trials	Conv.	Subs	MRR
1	200	60	30%	18	\$162
2	500	150	35%	53	\$400
3	1.000	300	38%	114	\$700
4	1.800	540	40%	216	\$1.100
5	3.000	900	42%	378	\$1.800
6	5.000	1.500	45%	675	\$3.200

Budget total 6 meses: ~\$1.823

Apple Dev \$99 + Play \$25 + HeyGen \$87 + Meta Ads \$1.600 + Dominio \$12. **ROI mes 6: 1.75x**

O que NAO fazer

- 1. Nao gastar em ads antes de 50+ users organicos
- 2. Nao pagar influencers upfront — so affiliate
- 3. Nao focar em downloads — focar em trial starts
- 4. Nao tentar ser tudo para todos — nichar
- 5. Nao ignorar reviews — fator #1 de conversao
- 6. Nao postar conteudo generico — hook em 2 segundos
- 7. Nao pagar ferramentas caras — free tiers
